

On This Side Of The Sun

By Phat

It was just three years ago today that I first came to the Village to become what government forms call "gainfully employed" instead of as just a casual gawking tourist. There certainly have been some changes made since . . . All except the weather . . . Remember going into the Rain-bow Room that day for a cool coke or something. The counter was four deep in Khaki. Earl Gray, himself, was doing the chores. He finally got around to me. "Gosh!" he said. "A civilian!"

NICE PEOPLE — Despite the heat of that Sunday, August 24, 1942—and my coat and tie didn't help any—I knew I was going to like Palm Springs. The people were so nice. First person I met was Mrs. Homer King—she's not here now. She was helpful in giving me directions. Finally roused Walter Z. Allen who came out wearing a Frank Buck hat. He told me not to worry, he'd find accommodations for me. I didn't but I should have. When I returned laden down with luggage, he scratched his head and said: "It's pretty tough. You might try Mrs. Boles' place on Arenas road." I did. She was adverse to taking in a man. She did. For ten months thereafter I was the star boarded.

THE VILLAGE — They're beginning to come back . . . Saw Lt. Charley Farrell, Lloyd Simon, Armand Turonnet, Walter Kofeld, Joe Felix and brother-in-law Frank Sabatella, all on the same day. . . Also Milton "Bud" Mack. He was very jittery. There's a rumor extant that he got married while in Hollywood this summer. . . Back to stay after a hitch with Uncle Sam is Charley "Shorty" Knupp. It's the second time he's doffed a uniform to go back into civilian business. He's a veteran of World War One, too.

RATHER LATE — It is recommended in Washington that the 35-mile speed restriction be abandoned. That's like recommending snow shovels for Palm Springs in August. Most people were under the impression the 35-mile limit had been lifted two years ago. Will the "Now It Can Be Told" items include an explanation of that mysterious forest fire in Tahquitz canyon and the explosions heard there, a few months back? . . . Nov. 11, date World War I ended, is a national holiday. Will World War II have two holidays, May 7 for V-E day and Aug. 31 for V-J day? If so, want to get a job in a bank—or at the City hall.

THIS AND THAT—Bill Hillery of Cathedral City tells of a letter from son John, former Oasis Hotel clerk. The son wrote, after Japan quit: "Now I can tell you where I am." But he couldn't. The censor snipped it out. . . Mrs. Frank Partridge and daughter, Skippy, are sure Jimmy Partridge is in Honolulu. He ended his letter with "Aloha." Said Father Frank: "Some deduction. If he had signed it 'Skoll,' they would have said he was in Sweden."

REPEATERS — Above I mentioned Lloyd Simon. Reminds me, there was a Palm Springs reunion in New York last month. Mr. Simon and Francis Crocker got together in Gotham while the latter was en route to London. . . Also, above, I mentioned Bud Mack. Understand that his song, "My Green Heaven" is going to appear soon in a screen play and that it is going to be put out over the air. Mack got the inspiration for that one while driving the rolling road between Calimesa and Beaumont. It was wonderful. If he saw it now, it would be "Brown Heaven." . . While mentioning people mentioned above, Frank Sabatella used to play that number at the former Waikiki, now Pago Pago.

DOMESTIC RELATIONS—Some time ago I took the monotony out of shaving by making a game of it. Set par at 100, but soon raised it to 300 strokes for my course. Never have been able to break that figure. While removing the growth the other morning was soliloquizing on the futility of shaving. Figured it took one minute to break out the apparatus, six minutes to shave, and three minutes to clean up and stow away the necessary articles. "Just think," said I, "ten minutes a day, 61 hours a year. Why, that's two and a half days just spent in shaving each year." Mrs. G. ruined it. She said there were many days when I rubbed my chin thoughtfully and decided I could get by. Also, it took me only seven minutes for "who cleans up and puts the kit away?" Just another lesson in the school of experience. Never think out loud.

THE MAIL—"Best law passed this year was that making it illegal to lock an automobile when someone is in it. That will halt the practice of locking a crying baby in a car while the parents go to a movie or lounge," pens a Villager. "You're losing your touch on the Hit Parade. You haven't picked a winner in a long time." Madam, pardon me, but last week was the first in eight that one of my favorites wasn't on top. And I'll give you "Gotta Be This Or That" to zoom to the top soon.

City Plans Aid For Returning Veterans

Dedicated to the GROWTH, DEVELOPMENT and CONSTANT IMPROVEMENT of AMERICA'S FOREMOST DESERT RESORT

\$3.00 Per Year — Single Copy 10¢

Tax Rate Up Almost \$1 In Village

City Rate Remains Same; County And School Rates Up

Residents of Palm Springs will pay almost \$1.00 more per \$100 assessed valuation in taxes than they did last year, according to figures available today.

With the exception of the city rate, which remains unchanged, other rates are up this year, accounting for the increase.

SCHOOL RATES UP
The tax rate for the Palm Springs high school district will be 75 cents for the 1945-46 fiscal year as compared with 68 cents last year. The Desert District rate will be \$1.50 per \$100 assessed valuation, compared with 78 cents for 1944-45.

Villagers went to the polls on June 12 to vote for the \$1.50 school tax rate to provide a pay-as-you-go fund for needed additions to the school system to meet the city's growth.

COUNTY RATE HIGHER
The county rate was increased from \$1.53 last year to \$1.64 this year. County supervisors set the new rate last Monday.

Some sections of the city will pay slightly more than the anticipated \$4.90 rate. Those in the sanitary district will pay a few cents for maintenance. The bond issue will be retired October 1, but a 16-cent levy has been made to operate the system and for needed capital outlay.

FOR MOSQUITOS
Another section of the city will pay a few cents for pest abatement if they are in the Coachella Valley Mosquito elimination district. Also those in the cemetery district, an additional cent will be levied.

The rate for the new year, as compared with last year follows:

	1944-45	1945-46
City	1.00	1.00
County	1.53	1.64
Desert Dist.	.78	1.50
High School	.68	.75
Jr. College	.01	.01
	4.00	4.90

MAY BE HIGHER
The high school tax rate last year was 59 cents plus 9 cents for retirement of old Banning Union high school district bonds. Palm Springs high was formerly a part of that district and assumed a portion of the bonds. The 75-cent rate this year, it is understood, does not include the retirement of old Banning Union district bonds, so that the total overall rate for the city in general may be \$4.98 or \$4.99, almost \$1 higher than last year.

Increase in the high school budget this year was to provide funds for greatly needed expansion purposes.

Sparks During Rain Call Out Department

Sparks which flew at the California Electric Power company substation transformers during last Saturday's heavy rainfall excited observers and they sounded the fire alarm.

Firemen dashed through the downpour but when they reached the scene found it was a job for linemen, who were there, and not firemen.

Desert Inn Sets Village Service Record With 91 Employees in Uniform

One of the most remarkable records of contribution to the war effort was set by the Desert Inn of Palm Springs which numbered 91 stars on its service flag during World War II.

From Dec. 7, 1941, when the United States was precipitated into the war by Japan's sneak attack on Pearl Harbor, until V-J day last week, 91 employees of the Inn offered their services to Uncle Sam.

IN ALL BRANCHES
The army and navy and the nurses corps, all were represented in the Desert Inn's contribution.

All regular employees of the Inn so far as is known, escaped casualties. One of the deepest losses in the Village, however, during the course of the war was the death in action of Lt. Owen B. Coffman, U. S. Army Air Corps, son of Earl Coffman, co-manager of the Inn, and grandson of Mrs. Nellie Coffman.

City To Aid Returning Servicemen

Council to Waive Or Adjust Business License Charges

On suggestion of City Manager Ray Sorum, who called attention of city council to the situation, Village business men who shut up shop and went into the armed forces when the call came, will find the city cooperative in business license fee adjustments.

At present, each case will be handled on its individual merits, council decided Wednesday.

ACTION IS URGED

Mr. Sorum in his recommendations to council, urged that some action be taken by the board setting a policy for the license bureau at the city hall in this regard. He asked that council define the status of men returning from the service and planning to re-open the businesses they dropped to enter the services.

"If they quit business long before the war, it is a different matter," he said. "I am referring to men who closed up shop and went directly into the army, the navy or the marines, or any branch of the armed forces. An adjustment of business fees should be made in their case and I believe that council should establish a policy in this regard at once."

COUNCIL IN FAVOR

"Other cities have already taken action in this regard," Mayor E. E. Theriault said the matter had been discussed at a luncheon meeting Tuesday by councilmen and the consensus was that adjustments should be made. It was the mayor's belief that the adjustments should be made in individual cases.

Councilman Armand Turonnet suggested an amendment to the city license measure providing for returned servicemen. The mayor, however, deemed it more fair to consider each individual case on its merits and then decide whether to waive or adjust the fee.

Manager Sorum asked if the adjustment would apply only when they re-opened businesses which they had quit for the war and the mayor replied in the affirmative.

KNUPP IS FIRST

"If they jump about from one business to another, that is a different matter. That is why I am in favor of individual study of each application."

One of the first returning servicemen to benefit by city council's action will be Charles V. "Shorty" Knupp, who dropped his electrical business to go into the war. He was a veteran of World War II when he entered World War II.

Mr. Knupp's Desert Electric shop was at 282 North Palm Canyon drive.

Council Will Meet Next on Sept. 5

When city council adjourned Wednesday, it set the date for its next meeting as Sept. 5 at 3 p.m.

City planning commission will meet the same day an hour before the council session.

End Of War Touches Off Building Boom in Village

CONGRATULATIONS—Col. A. B. Jones, commanding officer of Torney General Hospital, congratulates Captain Jack L. Treadwell to whom he presents the Silver Star for gallantry in action and the Bronze Star for heroic achievement in action. Yesterday Capt. Treadwell received the Congressional Medal of Honor from President Truman in Washington. (Official Army Photo.)

War's End Not to Curtail Air Base Activities

In order to scotch all unfounded rumors relative to the disposition of the Army Air Field here and the deactivation of the 5th Operational Training Unit stationed there, Lt. Col. Richard B. Dixon, acting commanding officer, pointed out that the work load and mission of the Air Transport Command, of which the 5th OTU is a unit, will continue as heavy if not heavier for an indefinite period of time.

Col. Dixon said that reports received from Headquarters of the Air Transport Command in Washington state that that branch of the Army Air Forces will face heavy tasks during the redeployment and demobilization of the armed forces.

QUALIFY PILOTS

Particular emphasis is still being placed on the training program at the 5th OTU in order to qualify more pilots to fly the C-47 aeroplane used in the transportation of personnel, material, and particularly the return of the wounded from hospitals abroad.

"However," Col. Dixon added, "many of the military personnel now stationed here will be discharged under the point system and because of age. But," added (Please Turn to Page Five)

Palm Springs Given Chance to Protest Ruling

Miss Ruth Jones, acting executive secretary of the Chamber of Commerce, this week received a letter from Francis W. Brown, chief examiner for the Civil Aeronautics Board, indicating that Palm Springs will be given a chance to protest a recent recommendation that the Village be left off airline feeder routes and mainline service.

The CAB letter said that briefs must be presented setting forth the city's case and that a chance for oral arguments would be afforded late in September or early in October.

Myron Everts of the local American Airlines agency, was in Los Angeles Wednesday to confer with Ted Reed, chairman of the airways committee of the Chamber of Commerce on the situation.

The case of the city was presented at a hearing in San Francisco last fall. In a recommendation released a month ago, appeals of several airlines to establish service here was denied.

Capt. Jack Treadwell, Patient at Torney, Wins Nation's Highest Award

When the now famed Forty-fifth "Thunderbird" Division landed at Oran in the summer of 1943 for the drive northward through Sicily, Italy and France, a member of the enlisted detachment of the 180th Infantry Regiment was a quiet Oklahoman, T/Sgt. Jack L. Treadwell.

Yesterday on the south lawn of the White House, field commissioned Captain Treadwell, wearer of the Distinguished Service Cross, the Silver Star, the Bronze Star, the Distinguished Unit Citation, the Purple Heart with three Oak Leaf Clusters, and the EAME Ribbon with five Battle Stars, received the nation's highest award, the Congressional Medal of Honor, from President Harry S. Truman.

FOR HEROIC DEED
This was in recognition of his capture of six German pill boxes and approximately 50 prisoners during an attack on the Seigfried Line near Wurzbach, Germany, last March.

Captain Treadwell, a patient at Torney General Hospital since June 10, won the DSC and his field commission during the bitter winter of 1944 at Anzio. He is credited with repulsing a counter attack in January when he assumed command of his platoon after the commissioned personnel had been injured.

Wounded and hospitalized twice in Italy he returned to his (Please Turn to Page 8)

Harper to Take Over On Sept. 4

Harry C. Harper, new executive secretary of the Palm Springs Chamber of Commerce, is expected to assume his duties at the local office, 310 North Palm Canyon drive, a week from next Tuesday.

Mr. Harper's duties start Sept. 1, but with the intervening double holiday, due to Labor Day, he will probably not be at his desk until Sept. 4.

Mr. Harper has been attending all Chamber of Commerce meetings during the summer months, and has been interesting himself in Chamber activities here for the past two months despite the fact his official duties start next month. He is well versed in the local Chamber activities.

Miss Ruth Jones, who has served as acting executive secretary during the summer months, is expected to remain as Mr. Harper's secretary.

Record Set in Permits Last Week

New Construction Valued at \$110,150 Authorized Here

End of hostilities in the Pacific set off a building boom in Palm Springs which gave the Village its first \$100,000 week in permits issued and sent the year's total to \$603,300, well over the highest peak attained here since incorporation.

Arthur F. Wright, city building inspector, issued 25 building permits last week for a total of \$110,150.

BIGGEST IN HISTORY

"This fall is going to see the biggest building boom in the city's history," Mr. Wright said. "The only limitation will be the availability of materials," said P. M. Swart, deputy city engineer. He quoted WPB statements in Washington that controls on lumber will end by Oct. 1. All indications, he said, were that all construction controls would be ended by that date. The only item which may place a brake on building is the amount of materials available.

17 NEW HOMES

The week's permits, issued by Mr. Wright, included 17 new homes, two school additions, a swimming pool, a garage and four alteration and repair permits.

The August building total, up to yesterday morning, stood at 35 permits issued for a total valuation of \$137,050. That brought the year's total to 222 permits issued and a valuation of \$603,300. Previous high mark was in 1940 when the year's total was \$545,085. The present year has already set a building record for Palm Springs, with four months to go.

PERMITS ISSUED

Permits issued during the week were:

E. Sanford, 1818 South Mesa drive, swimming pool, \$3,000.

Desert School district, Calhoun school, 333 Mesquite drive, 2 school room units, H. H. Foster, contractor, Albert Frey, architect, \$12,000.

Desert School district, Frances S. Stevens school, 538 North Palm Canyon drive, 2 school room units, \$12,000.

Irvin Matloff, 235 North Palm Canyon drive, alterations, \$500.

Lee Paquette, 210 East Amado road, repairs, \$250.

K. Arkellian, Inc., 796 Via Miraloma, alterations, \$200.

Ray Hiller, 442 Calle Ajo, dwelling, \$2,000.

Ray Hiller, 449 Calle Encillia, dwelling, \$2,000.

Mr. and Mrs. Bryson Amos, Indian Trails, garage, \$700.

A. F. Wright, 263 North Indian avenue, additions and repairs, \$1,000.

Culver Nichols, owner, New House Building company, buildings, 15 new 6-room dwellings at 1480 Paseo El Mirador and in the 1100 block on Calle de Rolph, \$5,100 each for a total of \$76,500.

Unsecured property taxes, collected by Frank Burchfield's county assessor's office are delinquent after August 31, he reminded taxpayers today. An 8 per cent penalty will be added then.

Palm Springs Calendar

MONDAY, AUGUST 27:
Civil Air Patrol, headquarters, 8:00 p.m.

TUESDAY, AUGUST 28:
Global Gab, Chamber of Commerce, 8:00 p.m.
Joint Dinner Meeting, CAP and NAA, 7:30 p.m., La Cita.

WEDNESDAY, AUGUST 29:
Combined Luncheon Meeting, Rotary and Lions Clubs, Hotel Del Tahquitz.
Palm Springs Housing Authority, luncheon, Hotel Del Tahquitz.

THURSDAY, AUGUST 30:
Palm Springs Boys' Club meeting, Chamber of Commerce, 7:00 p.m.

Villagers Back From Vacation Spent at Beach.

Mr. and Mrs. Kenneth DuBose and Mr. and Mrs. Gordon Youngs and their respective families, returned from Corona del Mar last week-end after a "wonderful vacation."

Nothing but cool clear weather with only the last few days marred by overcast and fog, was their share during the vacation.

Mr. DuBose reopened his Village 5 and 10 Monday of this week, at Andreas road and Palm Canyon drive. Date for the reopening of the Thrifty at Amado road and the Drive has not been set.

Mr. and Mrs. Youngs will not open their Amado Liquor store until about Sept. 1.

Memorial Plans Discussed by Vets At Outdoor Rally

Discussion of the World Wars Memorial, to be built by Owen B. Coffman Post, American Legion, and the Auxiliary, took up most of the time at Tuesday night's open-air meeting of the post and auxiliary at Walter Illick's Rancho Trailer park.

The World Wars Memorial campaign is scheduled to start on Nov. 11, Armistice Day. Commander Harold Lienau presided at the session and was also the surprised recipient of a large birthday cake, the occasion also being his birthday. He had not told anyone about it and thought it was a secret so the cake came as a complete surprise.

Victor Jansen, a discharged veteran of World War II, joined the post. He is a well known physical education instructor and swimmer and will be here during the coming season to make his home.

Several veterans of World War II were present at the session which was a most enjoyable one.

Mr. and Mrs. Simon Back in California

Mr. and Mrs. Lloyd Simon returned the first of the week from a trip east which took them to New York and New England.

They are now staying at Riverside visiting with their son, Lt. Jacques Simon, now stationed at March Field.

Cathedral City

By W. R. HILLERY

And the rains fell and the floods came, and how. It isn't even news to keep on each week telling our absent villagers that we had more water in the washes even in some cases when we have no local rains.

Two miles of Highway 111 between Araby Point and Crees Ranch is the biggest joke in Riverside county. In its present location the only way it can be maintained is to have our newly created County Flood and Conservation District acquire channel rights of way to put the flood waters in a straightjacket. Simpler still would be the relocation of that stretch of road. Some day the state will hand over that road to the county and what a gift it will be. You good people of Palm Springs, you have gas now, drive out our way and check on the beauty of the new canyon you drive through.

Our local cloudburst that followed hours of plain raining did very little damage to our street. We have had far worse ones in the past. A few days or even hours work by local home owners sweeps the loose gravel away and fill the little hollows, however, the county equipment needs to run the grading blade along a few of the streets to smooth them up. My office seemed to get the brunt of the storm, but by the time we got home from the mountains, where we enjoyed the storm, Slim Larrison had cleaned of the street and Chester and Marie Ide had cleared the walk and there was little evidence of a flood.

Mrs. Ada H. Towse, sister of Mrs. George E. Gibson, passed away at Riverside early last Thursday morning. Mrs. Towse came here with the Gibsons several years ago and made her home with them. Several months ago she suffered a stroke, and later it was necessary to take her to a Riverside hospital. Mrs. Gibson had been with her sister late on Wednesday evening, and had only returned to Cathedral City a few hours when she was called back by the sad news of her passing. At this time we do not know the time nor place of the funeral. Mrs. Towse was very well liked, and our sympathy is extended to the Gibsons.

Howard Headley, who with Mrs. Headley owns and operates the Desert View Court, was in the village a few hours this week before returning to Thomas mountain where the Headleys are vacationing. A letter from Agnes Pelton, our eminent artist, tells us she is enjoying a couple of months at Santa Barbara. James K. Wolseth returned to check up on the Wolseth's Desert Lodge Court. Accompanying Jim was his brother-in-law, Harry Stuart, and his wife, who is Jim's twin. It is possible this fine couple will settle here, and San Francisco will be the loser. John H. Palmer, Jr., and wife and daughter, have returned for the season. The Palmers lived here last season and just fitted in nicely in our community. Johnnie is with Bullocks. Mrs. Palmer and Mrs. Don Maher are sisters. Mrs. Elizabeth Elsterman, who lived here many years while her two daughters completed grade and high school, returned this week and says she would like to return to the desert to live. While here she visited with Dr. and Mrs. Brandt, and with Mrs. Ann Duncan. C. C. Harris and Jack Smith were back this week. As a matter of fact, Buck hasn't been away very much this summer. Young Bill Carey is a bachelor this week while his mother and grandmother are in Los Angeles. Bill was a guest of Robert Hillery at Thomas Mountain this past week, and their pleasure there was marred Sunday when they assisted in the recovery of the body of a little boy who was drowned in Lake Hemet. At the Lions-Rotary luncheon this week was George B. Hibbard who is a recent property owner in our village, also across the table was our former villager, Ted Martell, who sold his home to Dr. Leon M. Wilbur.

READ THE CLASSIFIED

A word to the Army Air Force men and their wives. A few of you are leaving. We want you to know that we are glad the war is ending, but sorry you are going away.

Our experience with the military families throughout the war has been entirely satisfactory and we hope that you can come back to the desert.

When we have rentals or something to sell, we'll be glad to serve you.

(I Sell Fire Insurance at All Times).

(NOTE: A combination of V-J day with its subsequent two-day federal employees holiday, plus floods which blocked the Cathedral City-Palm Springs highway, brought last week's column from the neighboring community into The Sun office too late for last week's publication. It follows):

When the wonderful news finally came through that the Japs had thrown in the sponge, we didn't go wild here. Outwardly there was only the flags to indicate that something of importance had taken place. Inwardly, there was the heartfelt thankfulness that the wholesale killing was to stop and sorrow for at least two of our boys who would not come home to a welcome. Personally I am happy, no matter how soon my two sons are released from the service; death in battle is now unlikely. Millions must feel as I do. But to you, Joy Reaume, we must not forget that your husband, Albert, will not be coming home, and to you, Mabel Bryant, we must not forget that your only child, Leonard, will not return to you. And we that knew them both will surely miss them. Of some comfort to you may be the thought that a memorial plan is now underway. Something so that we may not forget the living and the dead who sacrificed much of their all for this country.

Our fellow townsman, Willard Price, has received much publicity in the last few weeks for his knowledge of the workings of the Japanese mind. That knowledge is of inestimable worth right now.

In the Santa Barbara News-Press of recent date (The Prices are vacationing at Santa Barbara suburb Montecito) more than three columns are devoted to an interview, and for the first time we learned that his new book "Japan and the Son of Heaven" is ready for the press. It would seem that the timing is perfect for this book to make its advent. This week the Los Angeles Times carried on its editorial page an editorial by Price, headed "Using the Emperor." In this, Willard Price strongly objected to his being "used" and suggested he be termed and tried as a war criminal.

Two items in last week's Desert Sun were not in the regular Cathedral City column. They got ahead of me. One had to do with S/Sgt. Don Mahers coming home on 30-day leave. Don, I guess, belongs to Palm Springs, but we like him so much that we claimed his wife for our village before he claimed her, that we want to keep a halter on him. Anyway here was perfect timing for Don got back from Germany and arrived at Ft. MacArthur on last Friday and the next morning the Japs said "Enough," and we are not sure whether they knew that had was only on 30-day leave. With four years of service behind him and almost the required points of foreign service and battle stars we believe and hope that he will soon be released to his wife and to "Bucky" the fine son he is seeing for the first time. Here is hoping, Don.

The other item noted in The Sun last week was the list of streets of Cathedral City that had been accepted by the Board of Supervisors as County Roads. Those accepted in this latest action of the board plus those previously accepted compose all the streets, I am told, that the board felt they could sponsor until such time as the newly created County Flood and Conservation District law became effective and the occasional flash floods in this canyon is a thing of the past in so far as those waters might run at will through the streets.

To you who have rentals here and are already wondering what effect the coming of peace will have on your income, you might be interested in a conversation I had with an officer above the rank of major who sat next to me at the luncheon given the service clubs last Wednesday by the Palm Springs air field officers. I asked if the training at the field would not stop almost overnight. He said it might, but he did not think so, as there would be so many replacements of transport pilots, he believed the training would go on for some time. That program plus the continuance of Torney, the necessity for which we wish did not exist means many months of activity on the desert.

At this same luncheon, it was my pleasure to meet for the first time the new chief of police of Palm Springs, August G. Kettmann. I felt that we could assure him as we have to police heads in Palm Springs in the past that he could count on our hearty cooperation in any matters that concerned enforcement of law.

Geraldine Boyer In Chicago Play

Geraldine Boyer of Palm Springs appeared in the University of Chicago production, "Death Takes a Holiday" last Friday and Saturday nights, according to report to friends here.

Miss Boyer, who played the role of Rhoda Fenton in Alberto Casello's three-act drama, is a second year student at the college which accepts students after the sophomore year in high school and grants them a bachelor's degree three or four years later after a liberal education.

"White Rhapsody" Tramway Picture, Pleases Villagers

"White Rhapsody," a sport short showing ski sports at Franconia Notch, New Hampshire, and the tramway which carries sportsmen and sight-seers up Cannon Mountain there, attracted much interest at the Palm Springs theater this week.

Because of the proposed Mt. Jacinto Tramway, which, by the way, will be much longer and higher than the New Hampshire tram, the showing was an especial attraction here.

Villagers who saw the show provided as a special feature by Earle Strebe, owner of the theater, were so pleased that a request for a repeat showing later has been asked.

Miss Ruth Jones, acting secretary of the Chamber of Commerce, suggested to Mr. Strebe, in a letter of thanks to him for bringing it here, that it be shown during the coming season when many more will want to see it.

Armand Turonnets Back From North

Mr. and Mrs. Armand Turonnet returned to the Village Wednesday morning for a brief visit after spending the summer in the San Francisco bay area.

They left that night for Mountain Home ranch in the Mill Creek area in the San Bernardino mountains and plan to return to the Village for the new season soon.

Story of Tramway Brings Them Here

Mr. and Mrs. George L. Claytor of Hollywood were in Palm Springs this week looking around.

Although they were residents of Riverside for many years they had not been frequent visitors here but their interest was aroused by the news of the proposed tramway.

Their son, George V. Claytor was for years county assessor.

Tom Holland On Vacation Jaunt And Buying Trip

Tom Holland of Lykken's Department store, left last week-end for San Jose, where he will meet Mrs. Holland who has been in the central part of the state on vacation.

From San Jose he expects to go to Los Angeles to look over the wholesale houses on the new season's offerings and then to Long Beach to spend a few days.

He will be at his department store desk here again next week.

For Essential Transportation—U-Drive Cars. Phone 4444.

Council Bounces New Street Names Back to Planners

The question of street names for the Chia Mesa subdivision, a new subdivision in the Ramon road district, was put back into the laps of city planners by city council when it met Wednesday. And the planners may hand the problem back to the subdividers.

At the previous session of council, the subdivision map was referred to the council with the request that they provide names for the streets. Mayor E. E. Theriault and City Manager Ray Sorum were delegated to pick the names.

At this week's session Councilman Culver Nichols said he did not believe the "buck should be passed to council" and recommended that the matter be sent back to the planners.

This action was taken by council.

Butler Family Off on Vacation

Joe Butler, manager of the Palm Springs Safeway store, Mrs. Butler and the Butler children are off on vacation. Mr. Butler, who started his annual rest period Monday, plans to be gone three weeks.

First part of the vacation will be spent at Downey with Mr. Butler's people. Then they expect to go to Ventura, later to Big Bear and possibly other spots if time permits.

Dr. J. E. Potter Back in Village For New Season

Back from a six week vacation, combining business with pleasure in Seattle, San Francisco, and points adjacent, Dr. James E. Potter is back again in private practice in his former offices in the Wilson Building at 664 North Palm Canyon drive.

While in San Francisco and the northwest, he took refreshment clinical work at the University of California and the King County Hospital in Seattle; during which he studied the latest developments in Penicillin therapy, and the treatment of Asthma. Dr. Potter also purchased new electrical equipment.

Dr. Potter returned with renewed enthusiasm for Palm Springs.

New City Truck To Be Here Soon

Ray Sorum, city manager, reported to council Wednesday that the city's new garbage truck, purchased of which was authorized a few weeks ago, is now in Riverside. When the body for it is completed it will be brought here.

City Manager Sorum told council that if it had not been for Fire Chief Bill Leonesro and Floyd Wood, city employee, the old trucks would not have lasted out the summer.

"They didn't just tinker and make minor repairs," he said. "They did complete overhaul jobs and kept the trucks running."

Rogers Application Meets No Protest

City council filed, without protest, notice from the state board of equalization of an application by Travis Rogers of Rogers ranch for a renewal of his beverage license.

The application involves a technical transfer as the name has been changed from Rogers Stables to Rogers Ranch.

Ceiling Prices On Fresh Fruits And Vegetables Listed

"Outlying" trading area ceiling prices on fresh fruits and vegetables effective Thursday and continuing in force through Wednesday, August 29, were announced today by Don Simpson, OPA food price specialist, as follows:

Grapefruit, 11c lb.

Grapes, 18c lb.

Honeydew melons, 13c lb.

Casaba melons, 9½c lb.

Crenshaw melons, 12c lb.

Persian melons, 14c lb.

Lemons, 13c lb.

Peaches, Elbertas, 13½c lb.

Peaches, Hale, Fay & Rio Osa Gems, 16½c lb.

Oranges, Valencia Large, 17½c and larger, 5 lb. 51c.

Oranges, Valencia Medium, 200's to 288's, 5 lb. 44c.

Oranges, Valencia Small, 344's and smaller, 5 lb. 33c.

Plums, 18c lb.

Pears, except Sackel & Forelle, 16½c lb.

Prunes, fresh standard, 18½c lb.

Watermelons, iced or cut, 6½c lb.

Civilians at Air Base Assured Jobs To Be Continued

Civilian personnel employed at the 5th Operational Training Unit, Army Air Base here were assured by Col. Robert J. Goe-wey, Commanding officer, that the need of their services will continue irrespective of V-J day. In an open letter addressed to all civilian employees, the Col. said:

"It is a natural reaction that the enthusiasm with which civilian personnel greeted news of the Japanese surrender has turned into a mild sense of speculation as to their future employment at this station.

"In keeping with War Department policy this station will make every possible effort to keep civilian employees well informed as to any change of mission of the base which might affect their employment status.

"At this point it may be said without hesitancy that there is every indication that the work of the Ferrying Division, and this installation as a part of the Ferrying Division, will increase irrespective of victory. The desire of the American public and the War Department to return overseas personnel and vital supplies to our shores as fast as possible create a work load as great as our war-time job and second in importance to victory itself.

"Headquarters Air Transport Command has formally stated as a matter of record that this Command will continue the policy of employing civilian personnel and replacing military personnel with civilian employees wherever the duties can be acceptably performed by civilians. The employment of civilians is essential in order to permit the release of military personnel for return to civil life. The importance of the work to be performed by civilian personnel in continuing to carry out the mission of the Ferrying Division may well be reason for pride with each civilian employee of this base.

"I commend the civilian personnel of this station for the important contribution each of you has made in making V-J Day a reality. Now, let us continue on into the months ahead, bending our efforts toward training pilots who will keep the military personnel moving and the supply air lanes open both here and abroad."

Five From City To Attend Meet

Mayor E. E. Theriault, Councilman Culver Nichols, City Manager Ray Sorum, Deputy City Engineer P. M. Swart and City Clerk Louise McCann have signified their intention of attending next Monday's meeting of the citrus belt division of the California League of Municipalities. Many matters of importance to municipalities in view of recent developments in the war situation will be discussed.

More Tires Near For Motorists, Word From OPA

With gasoline rationing at an end, motorists will also find it easier to purchase tires, William A. Lippman, chairman of the local ration board was advised today by Los Angeles OPA headquarters.

Eligible for new tires are persons using cars for occupational purposes, those using them for non-occupational purposes where denial of a permit would prove a hardship and in certain cases, where motorists meet all requirements, to provide a new tire as a spare.

Later this week word came that tire rationing might be called off altogether by Jan. 1, 1946. Synthetic tires and tubes, however, it was said, are here to stay.

Tire men say that the synthetic and natural rubber combination in casings are expected to give better than 40,000 miles of service, while the new synthetic tubes will not leak air and will remain fully inflated for long periods.

Councilman Allen Here On Business

Councilman Walter Z. Allen, well known local realtor, was in town Wednesday to attend the city planning commission meeting and the city council meeting that day.

He returned to Long Beach, where he and Mrs. Allen are spending the month, that evening.

Matloff Remodels His Desert Studio

Irvin V. Matloff has temporarily closed his Desert Studio on North Palm Canyon drive while alterations are being made. He will open again for the new season about September 10.

Lt. Fox Appointed Physical Training Aide at Air Base

First Lieutenant Philip L. Fox of San Francisco has just been appointed assistant physical training officer at the 5th Operational Training Unit, Ferrying Division of the ATC, here.

Lt. Fox, who was born in Oakland and who graduated from Stanford with a Bachelor of Arts degree in physical education, joined the Army October 6, 1942 and, gaining an appointment to OCS, emerged as a Second Lieutenant in December of the same year.

He holds the AAU discus throw championship with a toss of 172 feet, four and a half inches. During the years of 1937 and 1938, he toured 27 European countries as a member of the United States track and field teams. He remembered that the Germans, having been defeated during the Olympics, sought a return engagement with the U. S. teams, so much so that they were willing to pay all of the expenses of the American aggregation. Again the Germans were defeated, declared Lt. Fox.

Prior to his entry into the army, the officer was doing physical education work with high schools and holds a special certificate from the University of California which permits him to teach every department of this work.

While in the Army he also graduated from a school in Personal Affairs but finds that he likes teaching physical education best.

He is married and the father of two children. He said that a third child is expected soon by his wife, who is at present residing in Long Beach.

Henry L. Guenther Winter Resident, Is Taken by Death

Henry Louis Guenther, well-known Palm Springs winter resident, succumbed at his Los Angeles home last week after a long illness.

An inventor and manufacturer, he was responsible for the drastic change in manufacture of cans, his device eliminating the old type of soldered cans and bringing into use the new type of sanitary can food container which is sealed without solder.

Mr. Guenther was born in Richfield, Wis., son of Henry and Helen Guenther, later moving to the northwest. He attended schools in Portland, Ore., and Vancouver, Wash. From Washington he moved to Los Angeles in 1901. He was the sole owner of the Los Angeles Sanitary Can Machine company when he died. He was a member of the Southern California Athletic and Country club, Los Angeles Tennis club, Los Angeles Chamber of Commerce and a Rotarian.

Mrs. Guenther, the former Pearl Ogden Harder, whom he married on Dec. 7, 1907, survives him. Last rites were held last week at Inglewood.

The Guenther home here is in the Las Palmas estates.

Council Waives Dance Fees For Air Base, Torney

Fees for two dances involving service personnel were waived by council at its meeting Wednesday.

An interim permit granted civilian personnel at the army air base as a benefit for the 5th OTU softball team was ratified and the fee in connection therewith, waived on motion of Councilman Culver Nichols. The dance was held at the Palm Springs hotel August 10.

Application of the NCO club at Torney General Hospital for a private dance at the Palm Springs hotel was granted by council and the fee waived on motion of Councilman Clarence Hyde.

They Really HELPED You

Now that gasoline rationing is at an end, blue stamps are no longer needed and the end is in sight for meat and tire rationing, it's time to take a calm look back over the past three years and give credit where credit is due.

Since May, 1942, a small band of patriotic Villagers, ever-changing here as men and women came and went, have been serving you as volunteers on the Palm Springs ration board. Practically all of them served without pay, as volunteers in the war effort.

Their period of service is about ended. And they should not be allowed to quit without a word of praise for their efforts. A lot of us sometimes questioned their decisions. But after looking over what they let us have, we agreed they did their best. They were trying to conserve the available supply and at the same time, trying to satisfy all applicants.

Looking back over the rationing period, the Village can feel grateful for the service given by the ration board. While it was in full swing, it was a thankless job.

Now that it is practically all over, the Village should make up for that and give thanks to William A. Lippman, and his staff who did their best to help us and at the same time, help the war effort.

Are Heroes Already Forgotten?

Like a voice crying in the wilderness was that of Gabriel Heater in a recent broadcast, when he asked for consideration of the men who have served in this war.

In the halls of Congress, in daily newspapers, and on the radio, it has been reconversion to peacetime economy, jobs or a \$25 a week dole for war workers thrown out of jobs; but scarcely a word about the men who have been asked to sacrifice so much in this war—the men in uniform. The only thing that has been said is the offer of a mere pittance when they are discharged — enough to clothe them for civilian life.

The most asinine suggestion that has come out of Congress is that of Senator Taft of Ohio, who is advocating discontinuance of the draft. It seems only fair to us that it should be speeded up to let war-weary men in uniform out of the Armed Forces as soon as possible and give the others, who because they were essential civilians during the war and have not been inducted, an opportunity for such service.

Our suggestion would be to reduce the points necessary for Army and Navy discharges as rapidly as this is advisable; and since no men over 26 are to be inducted, to discharge all enlisted men and non-commissioned officers over this age who want to get out of the Armed Forces or to give five points toward discharge for each year over the age of 26.

Some will say that more experienced men are needed. However, under the point system of discharge, there would always be plenty of experienced men in the armed forces; and for that matter, men were sent into combat in this war with only a few months training. Now there will be no combat, only policing and administrative duties.

Fill 'Er Up

If words can have a sweet taste, the sweetest the motorists of this travel-loving State can roll over their tongues are being said at ten thousand service stations:

"Fill 'er up!"

The war's really over—the road's open!

All the more need, however, in this joy over the end of gas rationing, for heeding the apprehensions and warnings of safety council officials and other traffic experts.

They fear that the very natural tendency on the part of many drivers to "step on it"—to enjoy driving at speeds to which they have grown unaccustomed under war-time restrictions—may bring

INTERESTED—Dr. Adamantios Polyzoides answers questions at the 5th OTU, army air base here, after telling service men that development of China is going to mean jobs in the United States. (Official Army Photo).

Dr. Polyzoides Sees Revitalized China as Providing Means of Jobs For Returning U. S. Servicemen

"Learn the history, customs, and particularly the language of the Chinese" was the advice given soldiers of the 5th Operational Training Unit, Army Air Base here by Dr. Adamantios Polyzoides, noted news analyst and professor of Foreign Affairs at the University of California during an orientation lecture before assembled personnel of that organization yesterday.

The doctor pointed out that the 60,000,000 new jobs in the United States to which many of these soldiers aspire to return on discharge depend on how well the United States develops the Orient as a customer.

HIGH INTEREST SHOWN

Keen interest in the affairs of China was manifested by the more than 2,000 soldiers who heard Dr. Polyzoides' address when he was bombarded with numerous questions by members of the audience. By these queries from the floor, the GI indicated that he has been thinking about the political situation in China, the potential of the country under a united government, and the possible prospect of the United States' involvement in bringing out peace between the government of Chiang Kai-Shek and the communists.

ALLIES MUST HELP

"However," Dr. Polyzoides added, "it looks like Russia, England and the United States will have to lend a hand in accomplishing this compromise."

Once a government in China is formed which will gain the confidence of both the United States and the world, the doctor believes, the vast unexplored wealth and natural resources of that country will be developed.

"This new government of China will need money, supplies, heavy machinery and much of our manufactured products," said the doctor. "Why," he added, "the harnessing of the Yangtze river alone will cost more than a billion dollars and will be a project far greater than our own Tennessee Valley Authority."

ADVISES SERVICEMEN

He cautioned, however, that the race for this plum will largely lie between the United States and Russia.

"But," he pointed out, "the American's restless spirit in seeking new horizons, which has carried them ever westward, will find an outlet in the development of China. Learn, you young men of America, the history, customs, and the language of China if you would help perpetuate the 60,000,000 new jobs economists are talking about, for an indefinite period of time," he admonished.

Touching on the war in Europe, Doctor Polyzoides believes that the United States will never be able to collect any reparations from Germany. He feels that President Truman did the right thing in allowing the administrative government of Japan to remain on the throne which was not done in Germany.

NOTES FROM IDYLLWILD

(Now Upper Palm Springs)

By MOYA HENDERSON

Things happened thick and fast during our absence from the hill top, it says here. The rodeo and barbecue were more than successful, we have been told, with many desert cowhands up to help with the celebration.

Then along came V-J day, but except for the tooting of auto horns, the hill top was pretty quiet. The attitude of the people was pretty well demonstrated by the crowds which attended thanksgiving services at the local churches Sunday.

PLANS BIG PARTY

Art Yates has been talking for a long time about the party he's going to throw for the old hill crowd now in the service when they all return. Hope he won't have to wait long. Anyway, it will be worth coming home to. Kinda reminds us of all of the old days and old faces (not too old) that have been absent too long.

Earl Neel, Billy Marvin, Keith Rapp, Joe Henderson, Briggs Bosworth, Chuck Bosworth and many others, are on the list. Of course there have been some changes made. They're all family men now.

SURPRISE SHOWER

A surprise shower honored Lauritz Hansen on his birthday last Thursday. Friends gathered at Lykken Lodge to partake of the birthday cake. Frank Johnston and Gordon Nicholson spent most of their time outside with the ice cream freezer—so they said.

Popular couple on the hill now are the Clarence Hydes. Being so close to the post office, every one drops in on them to pass the time of day before gathering up the letters.

Global Gabbers Urge Long Term Civilian Program

"Should There Be a Program for Civilian Rehabilitation?" was the topic discussed Tuesday night by members of Global Gab, meeting at the Chamber of Commerce. Mrs. Ann Lovett led the discussion and Mrs. Eva Menard was chairman for the evening.

Consensus was that such a program should be activated at once and that it should be a long-term program. War problems will persist for a long time, it was believed, and a national program is needed to cover health, employment, economics and so on. Next week's topic will be the recent political upheaval in England.

ENJOYING VACATION

Doris Neel seems to be enjoying her vacation despite the rain. Kenny Paul is trying to get away from the daily grind to spend more time at his new cabin here looking after his new hoeses.

Lois Lux is here for a few days stay and Cecille Morris has changed her address from Arrowhead to Idyllwild.

The summer showers have brought on a new spring what with green grass sprouting and flowers coming out. The only objection seems to come from commuters as there is no ferry service across Araby Wash — that's an idea to work on before that after Labor Day traffic starts coming down the mountain.

BACK TO THE VILLAGE

Back to Palm Springs and the big approaching Western Week this fall.

We'll be coming around the mountain soon. No white horses, not even one White Horse — but by auto.

Sorry but last week's two-day postal holiday, coupled with V-J day and the storms, precluded an installment of this column, Friday, August 17.

La Quinta Hotel To Open for New Season in Month

La Quinta hotel, rambling Spanish-type structure and a notable southland property, located between Palm Springs and Indio, has been sold by Arnold Kirkeby to a group of Chicago men, it was disclosed this week. The sum involved in the transaction was not disclosed.

The hotel contains 110 rooms, and is on an 800-acre site which includes a swimming pool, tennis courts, stables, private landing field, and other recreational facilities.

Bill Walshe, who formerly managed the Last Frontier hotel in Las Vegas, will manage the property. He has already started plans to have the hotel ready for a program of improvements, and the start of the new season.

Walshe said that the hotel is looking for an influx of tourists this season and is making every arrangement to take care of them.

An atmosphere of western hospitality will prevail, he said.

President Robert Ransom of the Chamber of Commerce, wrote a letter of congratulation to Walshe and offered the hearty cooperation of the Village Chamber in making their first season under the new ownership a great success.

Pay your telephone bill before the 30th and receive a discount.

NAA and CAP To Meet Tuesday At La Cita Cafe

Palm Springs chapter of the National Aeronautic Association will meet next Tuesday evening at 7:30 p.m. at the La Cita, Edwin Stephens, vice-president, announced this week. It will be a joint dinner meeting with the local squadron of the Civil Air Patrol.

Lt. James Myl, public relations officer at the 5th OTU, army air base, will be the speaker. Reservations must be made by Monday by calling 6111.

Villager Sentenced To 60 Days in Jail

Richard Cornelison, 34, was sentenced to 60 days in county jail by Judge Guy Pinney after his arrest Monday morning at 1 a.m. on a charge of disturbing the peace.

The arrest was made by Officers Jack Thiel and Bob Hanum.

Jimmy Campbell En Route to East

Jimmy Campbell, local accountant, is on his way east to visit relatives and friends in New Jersey and New York. He expects to be back in the Village about Sept. 15.

He arrived in San Francisco the day Japan's capitulation was announced and says the riotous celebration there was all that the press wires said it was.

Major Jones Goes To Big Army Base On Eastern Coast

Major E. W. Jones, U. S. Army Quartermaster corps, was in Palm Springs last week en route from Ft. Worden, Washington, to Camp Lee, Va., to what he calls "his biggest assignment yet."

Major Jones will be recalled by many Villagers, for he was at Torney hospital in the QM department for many months.

The Virginia base is one of the largest in the nation, and it will busy itself with supplying the Army of Occupation and will be going at capacity despite V-J day, writes Major Jones.

Mrs. Jones and daughter, Ruth, will remain in Redlands for the time being.

The Alaskan highway, beginning at Dawson Creek, B. C., and ending at the Alaskan-Yukon border, is 1221 miles long.

NEW CHIEF — Col. Herman A. Lawson, M. C., chief of medical service at Torney General Hospital, who reported for duty this week. (Official Army Photo.)

Col. H. A. Lawson Medical Service Chief at Hospital

Torney General Hospital's new chief of the medical service is Col. Herman A. Lawson, M. C., of Providence, R.I., who reported for duty at the hospital last week.

Col. Lawson went into the China, Burma, India Theatre with the 48th Evacuation Hospital, a medical unit affiliated with and organized at the Rhode Island Hospital, Providence, R.I. First assigned as chief of the Medical Service, Col. Lawson later became commanding officer of the hospital retaining this post until his return to the United States in June. During his 29 months duty in the CBI Col. Lawson was stationed in Assam and North Burma.

Col. Lawson, whose specialty is internal medicine was associated with the Rhode Island Hospital before receiving his commission in the Army Medical Corps. Mrs. Lawson and their three sons, John, Alan and Robert will join him later in the season.

U. S. butter is cheaper in Canada than it is in U. S. We'd object, but we haven't the points to buy it, anyway.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By Sgt. Vic Blanks

Mark down Sunday, Monday, Tuesday and Wednesday of next week as an entertainment festival at Torney. The four-day schedule, August 26-27-28-29, includes "practically every medium of entertainment there is, with the exception of pictures."

There's a bang-up start Sunday with Hollywood Hi Jinks, a fast-moving two hours of variety entertainment featuring some of the top acts of the cinema capital.

The show starts at 1:30 in the Recreation Hall.

STAGE HIT COMING

Monday, August 27, is an especial treat, and one that's quite different from anything usually seen here. The play that rocked New York for two years, that perennial laugh-provoking comedy "The Woman," Clare Luce's satire about those lovely creatures we can't get along with or without, will be presented in the Recreation Hall Monday at 7:00 p.m. by the Rogues and Vagabonds of Hollywood.

Tuesday, August 28, is the second in the series of bi-monthly radio broadcasts over KPRO in Riverside that was initiated so successfully last week from the stage of the Red Cross auditorium. See and participate in "Get in or Give Out," Torney's own radio show by and for personnel of the hospital. Watch the patients "give out" in the drama as actors when they are unable to "get in" with the first sergeant, winning five dollars if they "get in." On the air Tuesday, August 28, at 9:00 p.m.

BANNER SHOW WEEK

And last, but by no means least, USO Camp Shows brings "funfare," an all-professional group of entertainers headlined by that celebrated half of the Stroud twins, Clarence. This presentation is scheduled to start at 1 p.m. in the Recreation Hall.

This will be a banner show week at Torney, so look for some real entertainment Sunday, Monday, Tuesday and Wednesday.

Knew it Would Be Over Soon Writes Pfc. Charles Goff

Mrs. Lilly C. Goff, 311 North Indian avenue, received a letter this week from her son, Charles "Chet" Goff, former city fireman and well known and popular here, written before V-J day from New Hebrides, but confident that it would be over soon.

Pfc. Goff, U. S. Marine, wrote that it looked as if the shooting would soon be over. He was wounded in action just a few days after he landed on two Jima, but is recovered now. Another son of Mr. and Mrs. Frank Goff was wounded on Jan. 5 in action in Alsace in the European theater. He has been "flat on his back" since, but hopes to be up soon and enjoy a 30-day furlough. Sgt. Goff went into service in December, 1942.

His brother, "Chet," tried to enlist in the navy because the navy uniform was "like Palm Springs attire, open at the neck." But he was placed in the marines and had to wear a necktie, after all.

5th OTU FACTS

The scene at the 5th OTU hasn't changed materially since the announcement of Japan's unconditional surrender. Everywhere there is the attitude of "business as usual until we've seen this war through all the way to its complete finish." The Ferrying Division of the Air Transport Command fully realizes that there is a tremendous task of service and supply to which it will continue to devote itself.

Millions of men and mountains of equipment remain to be transported and redeployed. The ATC will come in for the bulk of this work. The 5th OTU is training and providing the twin-engine crews which are still necessary. Evidence of the good it is doing can readily be seen when crews, many of which have trained at the 5th OTU, land their Air-Evacuation planes at this base full of wounded returned from the front. Scores of Army personnel now recuperating at Torney Hospital got there via this route.

In view of the above, it can readily be seen that the 5th OTU civilian workers are still needed. Colonel Robert J. Goewey, commanding officer at this base, in an announcement to the civilian workers, stated: "At this point, it may be said without hesitancy that there is every indication that the work of the Ferrying Division, and this installation as a part of the Ferrying Division, will increase irrespective of victory. The desire of the American public and the War Department to return overseas personnel and vital supplies to our shores as fast as possible create a work load as great as our wartime job and second in importance to victory itself."

Sand Script, weekly publication of the 5th OTU, has reduced its size by half. Owing to the shortage of newsprint, its co-editors, Sgt. Howard Rose and S/Sgt. Stanley Friedenberg, got their heads together and decided that although their contribution to the alleviation of the shortage was small, it would help. They still insist that they are going to give their many readers full coverage of news at the base.

Pictures of the winners in the Baby Beautiful Picture Contest held recently at the 5th OTU are now on display at Lykken's Department store in Palm Springs. There is also a picture of the three judges, Tom Holland, owner of Lykken's; Fred Ingram, manager of the Bank of America; and R. M. "Pop" Gorham, Palm Springs postmaster.

There is much of that "huba-huba" activity among the fellows here who are the possessors of 85 points or more. Ali Baba and his forty thieves, and their password of "Open Sesame" could not open a door with as beautiful a vista as these 85 points will for them when they "come marching" home again. Discharge points at the end of the last war made famous a song which made many a heart flutter with joy. It was entitled "Homeward Bound"—what a wonderful, wonderful sound.

MORE ABOUT . . .

War's End Not . . .

the officer, "a serious attempt will be made to replace them with civilian employees."

CITES HOUSING LACK

First Lieutenant Alvin W. Norcross, officer in charge of civilian personnel, declared that a serious impediment to the employment of civilians is the housing situation as it exists in Palm Springs.

"There are 111 new positions open right now, vitally necessary to the successful completion of our mission here," said the lieutenant, "but these people cannot be brought to Palm Springs until there are housing facilities available."

All in all, it was pointed out that the maintenance of the Base here will add immeasurably to the speed with which soldiers can be returned from overseas, and the redeployment of troops to take up the occupation of the enemy's homeland.

NOT YET DONE

In commending the Ferrying Division of the Air Transport Command, of which the 5th OTU is a unit, for a job well done, Lt. General Harold L. George added: "Our job, however, is not yet done. Air Transport still faces heavy tasks during redeployment and demobilization. The war record of the ATC personnel permits complete confidence that we will maintain our high standard of service and achievements."

Small business is in the most precarious position it ever has been . . . I view the future of small business with apprehension.—Senator K. S. Wherry of Nebraska.

HONORED — Col. Frederick M. Sperry, Villager, honored with presentation of Award of Legion of Merit.

Col. F. M. Sperry Presented Legion Of Merit Award

A communication received by his family here from Col. Frederick M. Sperry, now with the USFET overseas, reveals that he has been presented with the Award of the Legion of Merit. Col. Sperry has been on active duty in England, France, Belgium and Germany since June, 1942. In addition to the Legion of Merit, he possesses the Bronze Star Medal. He was also honored with the Croix de Guerre, awarded by the French government.

Col. Sperry recently returned to Paris from a mission by airplane to Rome, Naples, Cairo, Athens, Palestine and Jerusalem.

He expects to be released from his long term of activities on European war fronts in the near future and will return here to rejoin his family.

Mrs. Sperry and daughter, and his parents, Mr. and Mrs. Walter J. Martin have been residents of Palm Springs for many years.

McKinney's Plan To Be Back Next Month

Mr. and Mrs. O. S. McKinney of McKinney's Court, plan to be back in the Village early next month, friends here were notified this week. Mrs. McKinney, who has been ill, is recovering rapidly at her summer place on the coast.

The McKinneys have been for the past two months at the home of their son, M. G. McKinney.

Pay your telephone bill before the 30th and receive a discount.

MORE ABOUT . . .

Ration Board . . .

the lease on a month by month basis pending final word on termination of the ration board activities here.

The local board has been active since rationing went into effect, handling every branch of the complicated OPA system at times. It survived one attempt to eliminate it as an economy move when citizens protested they would have to drive more than a score of miles if the office were combined with Indio or Banning offices.

It handled the new and complicated system of registration for food rationing and gasoline rationing in stride and performed a difficult task with the minimum of friction.

Now its days apparently are

numbered. No direct word has been heard from Los Angeles but with proposed consolidation, it is expected to be closed.

VETERANS... here's a plan you're invited to use now

Bank of America VET-LOAN PLAN

Vet-loan Plan is a workable loan service for veterans.

While it embraces "G.I. Credit," it is not limited to loans that are government-guaranteed. In fact, it can serve a veteran who has already used his G.I. Credit, or who needs money for some purpose (such as working capital) for which government guaranty is not permitted. Further, it can speed up the granting of loans where quick action is important and there's no time to wait for eligibility to be established, or approval of the government guaranty for a loan to be secured.

So before you decide your plans are impossible, let's discuss the matter at the nearest branch of this state-wide bank. Chances are good that a way of financing will be found, with or without the government guaranty, through Vet-loan Plan.

FREE BOOKLETS

Get your free copy of "How to Buy a Home," "How to Buy a Farm," or "How to Have a Business." Many Vet-loan examples are given.

Bank of America NATIONAL TRUST ASSOCIATION

**Sam and Leo Get
Ready for Season
At Bigger Market**

Sam and Leo's El Paseo Market, 816 North Palm Canyon drive, is a busy scene these days as workmen prepare it for the new season. They expect to open about Sept. 10.

A plate glass window is being installed and the market has been enlarged by the addition of the site formerly occupied by the El Paseo Beauty Salon which has moved back to a location off the patio.

The new room will house the delicatessen and liquor departments while the entire space formerly occupied by all departments will be devoted to the market.

This year will mark Sam Satitz' and Leo Bakers' tenth year in Palm Springs.

The families of the two partners have been spending the summer at Lake Arrowhead.

Sam and Leo's Plaza Delicatessen has been open all summer.

**Bill Thompson Now
At Mountain Lodge**

Bill Thompson, former manager of several prominent local lounges, was in town the fore part of the week.

He is now managing the Rim of the World Lodge at Crestline in the San Bernardino mountains and said the place is full up. He expects to return to the Village at the end of October.

**Francis F. Crocker
Now in England**

Francis F. Crocker, district manager for the California Electric Power company, is now in England according to word here.

Mr. Crocker is overseas on personal business affairs.

He made the trip from New York to London in slightly more than a day by airplane.

Sports

**Sgt. Parkins Wins
Torney Tournery
With a Net of 138**

T/Sgt. J. A. Parkins, with a net of 138, won the open class in Torney General Hospital's golf tournament, it was announced by the special services branch, Lt. Arthur Reardon, in charge, this week.

Sgt. Parkins carded a 39-38-77 on his first round and combined that with a 37-36-73 on his second. He had a 12-handicap. Lt. John Woodruff with a net 141, was second, and Capt. Ralph Hendrix right behind with a 142.

In the novice class, Sgt. Lew Mead listed a 54-49-103 and 48-50-98, with a four-handicap for a net 197, to win. Sgt. Ernie Piantanida was one stroke off the pace with a 198 net and Sgt. Don Viering was in the show spot with a 201.

Sgt. Parkins provided the surprise element in the tournery. He had arrived at Torney just four days prior to the event.

Col. A. B. Jones, commanding officer at Torney, presented the trophies yesterday to the winners.

**Thermal Air Base
Softballers Take
Overtime 1-0 Game**

It took 12 hotly sizzling innings and a score of 1 to 0 to decide the winners of the softball game played by the All-Stars of the 5th Operational Training Unit and the aggregation from the Thermal Naval station, with the Gobs coming out on the winning end.

In addition to pitching an airtight game, Smith for the Thermal gang coming up in the first half of the 12th inning, knocked a hot one off the pitching skill of his rival, Baugher, for the one and only run of the game. Coming back eagerly to at least tie the score, Smith and his team mates held the All-Stars hitless in the last half of the 12th.

The All-Stars made their first appearance in the new uniforms purchased with the receipts gained during the recent dance held at the Palm Springs Hotel, and which was sponsored by civilian workers of the Army Air Base.

COMING — Donald O'Connor and Peggy Ryan in "Patrick the Great" at the Palm Springs theater next Thursday and Friday.

**Paper and Fats
Salvage Continues**

A letter from Edward B. Zane, district salvage chief for the War Production Board, states that paper and fat and oil collection will continue and the country is short in all three. Prices on paper remain firm.

The letter quotes J. A. Krug, WPB chairman, who states: "There is immediate and grave danger of collapse of nation-wide salvage program before its magnificent job was fully completed."

"Obviously," Mr. Krug declared, "the war is not over for a soldier until he comes home and has a job. We must feed and protect his health while away, and we must make the jobs by supplying the raw materials."

"Paper salvage must continue," Mr. Krug declared. "Fats and oils likewise must be conserved as much as before. These materials are short and will continue to be short for some time. The salvaging of all of them is of importance to orderly reconversion. Otherwise, the country may experience a serious problem as the aftermath of the war."

**Torney Hospital
Sport Program
Loses 2 Stars**

Torney General Hospital's sport program suffered a setback this week with the honorable discharge of T/4 Lew Mead and T/5 William Horton, both active in hospital sports this season.

Both joined the civilian ranks this week.

Mead will be missed in the outfield of the Enlisted Detachment softball squad where he's starred since the start of the current softball league. Personable and a great team player, he has added his weight to the success of the EM team which won the first half of the loop and is right at the top in the second half.

Horton starred in aquatic

**Deciding Game
In Night League
Is Scheduled**

Only one game was played this week in the Palm Springs Softball League at which the Lions' Club defeated the 5th OTU Officers 3-0.

A playoff between the league leading Torney EMs and the Lions' Club will decide the second half winners.

**For Essential Transportation—
U-Drive Cars. Phone 4444.**

sports and was a member of the Torney team in the Ninth Service Command competition, acquitting himself with glory.

**Don McKinney
En Route East
To Visit Sister**

Don McKinney, son of Mr. and Mrs. O. S. McKinney of Palm Springs, left Sunday night on the Union Pacific for Minneapolis, Minn., where he will visit his brother-in-law and sister, Lt. and Mrs. B. P. Moore. Mrs. Moore is the former Barbara McKinney, who grew up in Palm Springs.

The local youth has been working in Los Angeles in an aircraft factory, making parts for B-29s. He will be home in time to enter high school when it starts next month.

Lt. Moore has been stationed in Minneapolis for the past year, as pilot in the naval air corps. He is also a Palm Springs boy, having attended high school here, graduating with the class of 1940.

It's not enough that they (Nazi refugees in Denmark) crowd our schools. But we have to feed them food we should be sending to Norway and Holland. We have already fed them for five years. That should be enough. — Mrs. Erna Milde, Danish newspaperwoman.

**Liquor License
Protested By
Chief of Police**

Application filed by Solomon Neishuler for an on sale beer and wine license and for an on-sale distilled spirits license for the Casitas del Monte hotel was protested by the city this week, Mayor E. E. Theriau informed city council Wednesday.

Time for filing protests expired Tuesday evening, the day before council was scheduled to meet so Chief of Police A. G. Kettmann sent the city's protest by telegraph that day.

Chief Kettmann filed the protest at request of city council.

Heaviest August Rainfall in Three Years Here Blocks Highways, Brings Season's Total to Record Figure

Palm Springs experienced its heaviest August rainfall since records have been kept at the fire hall. Fire Chief Bill Leonese said today.

Last Saturday's steady down pour was measured at 1.72 inches, which coupled with .03 measured on August 2, brought the month's total to 1.75 inches. In July .20 of an inch was recorded, bringing the season's total to 1.95 inches against no rain at all last year on the same date.

FIRST IN THREE YEARS

It was the first measurable rain up to August 24 in Palm Springs since the 1932-43 season. That year the total to the comparable date was .28 of an inch. In 1941, 1.12 inches of rain fell in August.

The storm wreaked havoc on the Cathedral City-Palm Springs road and the highway was blocked for several hours as a flood poured out of Palm Canyon wash. Three cars were swept from the road, but there were no casualties.

TRAFFIC HALTED

Police sent an automobile to the edge of the flood and warned traffic against attempting to go through. During the height of the storm, the swirling water over the highway was two feet deep.

Harold Lienau and his state highway crew were on the job shortly after, but from Smoke Tree ranch to Araby point, the road is still lined with debris from the storm, which started shortly after midnight Saturday morning.

GENERAL IN SOUTH

The storm was general in Southern California and curtailed Greyhound bus travel through the city, the road from El Centro being blocked by washed-out bridges. El Centro busses were routed through San Diego, and as a result bus service from the Village to Los Angeles was limited to schedules coming via Phoenix and the local bus schedule.

Aftermath of the storm was still being felt at the California Division of Highways station on North Palm Canyon drive. Under direction of Mr. Lienau, crews have been working day and night to clear the highway.

Norway Will Need Aid for Some Time Is Word to Chest

An urgent need for clothing in Norway will continue for a long time, in the opinion of Superior Court Justice Paul Berg, leader of the underground resistance movement in Norway, who is presently in this country, says a report to William B. Colburn, chairman of the Palm Springs Community Chest, Inc., from the National War Fund.

Norway's supplies of clothing and shoes were entirely depleted by German looting and confiscation during the long occupation of that country, and as a result it will be many months before even emergency requirements can be provided, says the report.

Citing the dire plight of thousands of his distressed countrymen, Justice Berg is quoted as stating: "You will surely be doing a good deed if you will continue the work for American Relief for Norway."

The continuing task of collecting, inspecting, repairing and shipping of clothing for Norway is financed by the National War Fund through contributions to community war funds such as the Palm Springs Community Chest, Inc., Chairman Colburn explained.

Many Cool Off In City Plunge

Chief of Police August G. Kettmann reported that during the week ending Monday, 174 persons availed themselves of the opportunity to cool off in the municipal pool on the F. W. Cutler estate, 348 Merito place. The pool was closed one day—Saturday—during the storm.

Of the 174 registered in the week, 108 were adults, indicating a steady increase in the use of the plunge by older people.

County Sixth In Factory Expansion

According to tabulations released by the War Production office in Los Angeles, Riverside county was the sixth in total factory expansion in the four years of the war.

The county is credited with \$1,222,000 expansion, a good start toward peacetime production jobs of giant proportions, the survey said.

The Los Angeles industrial area was credited with \$10,837,912,000 in military contracts, largest for the entire nation.

Phillips Favors Training That Will Prepare Men to Take Care of Selves In Field During Armed Conflict

"I am in favor of training or preparation which would give every boy at least as much knowledge of how to take care of himself in the field as a good Boy Scout has today," Congressman John Phillips wrote in an open letter to everyone who wrote or wired him or signed a petition on the subject of "Compulsory Training" and to all newspapers in the 22nd Congressional District.

"This was one of the subjects, under the difficult conditions of this session, which I had to set aside for later attention," Mr. Phillips wrote. "I think it will be before a regular committee by late fall or next year. The special committee, of which Mr. Woodrum was the chairman, issued a report the other day. I enclose a copy."

"I am in favor of training or preparation which would give every boy at least as much knowledge of how to take care of himself in the field as a good Boy Scout has today! I have seen the marked improvement, physically, after a few months, in the boys who went into training for this war, just as I saw and experienced the same thing in 1917. I am keenly alive to the fact that no nation in the world is farther away from us now than about two days, easy plane time."

"The problem is of course, how far should we go, or how much training should we give? I have leaned towards two summer camps with drill and special studies for the intervening school year, during which the school work could also be given. It is significant that the young men and women, who are in this war, and who come to my office in Washington to talk to me, are unanimously in favor of military training, and favor the full year, out of school, proposal of the original May bill."

"If we should have another world war, I do not want my vote to have made it possible again to send young men into combat with a few weeks training, and without adequate knowledge of the equipment they must use, and without the simple principles of field care, sanitation and organization."

"What does all this add up to in the discussion of 'military training'? I do not know. I look forward to the hearings and discussions in the fall. Since the first and only step, so far in Congress, has been the enclosed report, I thought you might like to have a copy. I am always glad to have opinions of the folks at home on this or any other subject, and I thank you for the letters on military training already written me."

How do you look in black? Lovely, I hope, because women are going to wear more of that color this fall than probably ever before. Reason is that few bright colored fabrics are being produced and manufacturers must use what they can get.

MORE ABOUT . . .

Capt. Treadwell . . .

outfit and was again wounded and hospitalized in France. Back in action in February this year, he was cited for gallantry, and the Silver Star near Wimmenau, France, when he led his company in an aggressive assault up an enemy-held hill to overrun enemy defenses and take fifty prisoners.

About six weeks later he was awarded the Bronze Star for heroic achievement near Rossbach, Germany. There, when enemy pressure threatened to make a friendly rifle company's position untenable, he led a platoon of infantrymen and a supporting tank to positions from where they materially aided in releasing the heavy enemy pressure and inflicting many casualties.

Although he sustained serious penetrating gunshot injuries of the chest, Captain Treadwell made his way alone under heavy fire to determine the disposition of other friendly troops. During this action enemy resistance was completely overcome.

LEAVES FOR CAPITAL

Last week, accompanied by Major Edward A. Jackson of the Torney surgical service, Captain Treadwell left for Washington. Earlier in the day he had received the Silver and Bronze stars in a formal presentation from Col. A. B. Jones, commanding officer of the hospital.

At Snyder, Oklahoma, Captain Treadwell was joined by his mother, Mrs. T. W. Treadwell, who was able to make the trip only after an accompanying medical officer had been authorized by the War Department; his older brother, D. B. Treadwell, and E. D. Treadwell, an uncle. He will return to Torney later in the month.

A former agriculture student at Southwestern State College, Weatherford, Okla., Captain Treadwell enlisted in the Army January 29, 1941. At the conclusion of his service he plans to return to Snyder and enter the grocery business with his uncle, E. D. Treadwell, for whom he worked briefly before his enlistment.

Dillon Says 'No' to Rumors About Resignation

Rumors that he plans to resign are entirely without foundation, Robert E. Dillon, chairman of the county board of supervisors, said last week.

"I have no present plans for resignation. I intend to serve in my present position as long as my health permits," Mr. Dillon said. Mr. Dillon further indicated that he intends to be a candidate for reelection at the expiration of his present term, January 6, 1947.

The chairman of the board receives no more salary than do the other members of the board. However, the position carries considerable prestige.

Mrs. Milner Back From Beach Stay

Mrs. Don Milner returned this week from a four-week stay at Balboa, where she reported the weather was delightful throughout her vacation.

Her husband, of Milner's 5, 10 and 25c store, left for a few days' stay in Los Angeles and later plans to take a two-week vacation, planning to go to San Francisco.

WITH MUSIC—Lee Tracy and Brenda Joyce in a scene from Universal's hilarious comedy with music "I'll Tell the World." Thursday and Friday at the Palm Springs theater.

Village Minister Witnesses Wild Peace Celebration

Dr. John Robertson Macartney, pastor of Community Church, arrived in San Francisco during the height of that city's victory celebration a week ago Tuesday, and in letters to friends here, said he had never seen anything like it before, or imagined anything like it.

DESCRIBES SCENE

"The air was full of flying paper. It was bedlam with shrieking sirens and auto horns, crashing of plat glass windows, dashing fire trucks, ambulances, police cars, a swirling mass of humanity, literally thousands of white caps. Whiskey bottles everywhere, buckets of water poured from upper floors of buildings upon the mad throng, every woman on the streets being kissed, some willingly, others trying to break away," he wrote. "Staggering sailors took charge of traffic, motioning cars to come on from all directions, even police cars, creating a traffic snarl in no time."

He described smashing of windows and looting of stores, hotel lobbies stripped of fixtures, intoxicated civilians and sailors everywhere.

UNTIL RIOT CALL

Cabs were not to be had, having been called in because of the wild celebration. Dr. Macartney and his daughter finally reached their hotel by walking ten blocks through the mobs and finally getting a street car. All Tuesday night the celebration continued, and on into Wednesday, until the riot call was sounded, and police, MPs and SPs cleared the streets.

Dr. Macartney wrote that Mrs. Macartney was expected to join them in San Francisco, and that they would go to the Proctor ranch near Healdsburg a few days before returning south.

County Tax Rate Announced As \$1.64; Budget, \$3,663,410

The board of supervisors at their meeting Monday, adopted the final budget for the 1945-46 fiscal year calling for a total of \$5,343,701 and setting the general tax rate at \$1.64 per \$100 assessed valuation.

Of the total budget, \$3,663,410 is available without current tax levy, leaving \$1,680,291 to be raised by taxes on property.

The figure for the general county tax rate represents an increase of 11 cents over last year's rate of \$1.53. The rate for the fiscal year 1943-44, however, was \$1.66.

Higher operating and maintenance costs in most departments of county government, salary increases and necessity for providing funds for the county's newly inaugurated retirement system were responsible for the increased tax rate, officials said.

Still Need For Salvaged Fats

Serious drop in production of salvaged fats by Southern California kitchens was reported today by the War Production Board, with July collections showing a decline of more than 13% from the June figures.

Edward B. Zane, WPB salvage chief, termed the poor showing "extremely disappointing, since the outlook continues for shortages of fats and oils for some time to come."

Dipping below its quota for the first time in months, Southern California turned in only 574,186 pounds of salvaged fats, as against 658,276 pounds in June. Percentage-wise, the July record was 91.6% of quota as against 105% in the preceding month.

Boys Club Talks Over Ring Sports

Boys' club met last night to discuss the question of boxing bouts, and will arrive at a final decision at a later meeting.

Wednesday they rallied at the Field Club for a pick-up baseball game, and tonight the Boys' Club team will meet a civilian team from the 5th OTU, army air base.

Portrait of the Week By BERNARD of Hollywood

Robin Stinson, a sweet gal through and through, and if you see things her way, you'll like Artie Shaw (especially Frenesi), Jimmy Stewart, iced-tea, swimming and tennis. Robin has lived all over the country, having gone to school in Arizona, Minnesota, Westlake in Los Angeles, and Twentynine Palms, but she's decided to settle on Southern California (naturally). Then, if the right fellow comes along—well, she'd just as soon give the roses and picket fences a try, cuz Robin isn't a career girl. If you're wondering—the "right" fellow must be serious, yet humorous, and good looks or smooth dancing wouldn't hurt any. However, she's not in any rush and currently is keeping busy working at Torney and just having fun in general.

Trav Rogers and Kenny Paul were down from Idyllwild for a few days this week.
